

Due to the COVID pandemic, Jones County Schools will alter the registration process for kindergarten students for the 2021-2022 school year. Parents/Guardians will be allowed to register students online during the entire month of April through the Jones County School District website www.jonesk12.org . The schools will not require a copy of the birth certificate, immunization record, and proofs of residency until the latter part of July. Also, an orientation week will be established during the first days of August to allow students the opportunity to meet with their teacher and see their classroom. Please check the district website and the schools' websites throughout the summer to receive the latest information for completing the registration process and for noting the dates of orientation for kindergarteners.
