

Jones County School District
Student Notification of
Prohibition of Electronic Communication Devices during Statewide Tests

In compliance with the Mississippi Public Schools Accountability Standards, 2015, Appendix F, Section IV, #19, Jones County School District prohibits the possession and/or use of any electronic communication device, including cell phones, smart watches, and personal digital assistance devices, during the administration of scheduled statewide tests. Possession of any such device, even if it is not being used, is a violation of state and local testing policies. Example: A student having a cell phone in his (her) pocket (purse) during the test administration is a testing violation. The consequence of this testing violation is that the test results are considered invalid scores. Any student with an invalid score is considered not tested.

This policy has been explained to me, and I understand that the consequence of this testing violation is a non-passing or invalid score.

Name of School: _____

Name of Test and Content Area: _____

Date of Test Administration: _____
