

**Jones County School District**

**American Rescue Plan Act of 2021 ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF FUND  
(ARP ESSER)**

***PREVENT, PREPARE, & RESPOND***

**Learning Loss**

Personnel - Personnel is being added to help address learning loss as follows: 3 EL teachers, 4 additional certified teachers, 3 special education teachers, and a computer technician. Access to individualized student support through the addition of tutors at every school as well as increasing the number of Dyslexia therapists broadens access for all students to receive the additional support they may need.

Curriculum Supports – New reading series, math review supports, and Learning Management Systems that include item banks supporting formative assessments for teachers which allows them to monitor student achievement and drive instructional practices including online support systems for students who may require virtual support.

Technology – Each student Chromebook will be supplied a headphone and a mouse to facilitate efficient use of technology. Additional student devices and connectivity equipment will be included aimed at promoting online learning. Copiers will also be added to provide learning packet supports for students with no access to connectivity.

Data Management System – Data will be compiled and produced daily giving educational staff real-time feedback to assist with progress monitoring.

**Social / Emotional**

Screeners – The use of screeners combined with other factors will help to identify students who need social or emotional supports.

Data Management - Absenteeism along with other parameters will be compiled and monitored daily to help identify patterns with student behavior with the goal of being able to quickly identify areas of needs to provide services and supports to students.

Professional Partnerships – The utilization of various professional partnerships will provide access to additional professional services for students.

**Health & Safety**

Social Distancing Projects – Construction of new classrooms and buildings on school campuses will allow for reducing class sizes and promoting social distancing.

Personal Protective Equipment & Sanitization – Disposable masks and sanitization supplies will be available for teachers and students in classrooms and on campuses.

Cleaning / Disinfection Equipment – Equipment and supplies needed for additional sanitization efforts which includes all buildings and buses will be provided.

Personnel – A nurse is being added to the district to assist students as needed. Custodial staff will work overtime in the afternoons to perform additional sanitization procedures.
