May 17, 2018

The Jones County School District is excited to announce a pilot program to establish 6 preschool classes across the district. There will be 2 classes at East Jones Elementary, 2 classes at North Jones Elementary, 1 class at Glade Elementary and 1 class at Moselle Elementary. Students will be selected for the program based on a screening process. If you are interested in your child possibly participating in the program, please submit your information below to the school district CENTRAL OFFICE. During the end of July, you will be contacted to set up an appointment for your child to be administered a screener to determine eligibility.

Before making a commitment to apply for eligibility to the preschool program, it may be helpful to know the following information:

- The program will be from 8 am – 2:45 pm.
- Transportation will NOT be provided to and from school.
- The child must be toilet trained.
- Immunizations must be up-to-date.
- The child must be four years old on or before September 1, 2018.
- Preschool attendance zones may NOT follow traditional elementary school zones. For example, if a class is not full at Glade Elementary and classes are full at East Jones Elementary, some students residing in the East Jones area may be approved to attend pre K at Glade. In addition, West Jones and South Jones eligible students will be served at other locations.
- Dismissal from the program may occur if a child demonstrates excessive absenteeism or non-compliance to the school's behavior rules.

Special education guidelines will be followed for all students with a special education ruling.

We appreciate your interest in the Jones County School District's preschool program!

Missy Bufkin, Federal Programs Director

\*\*\*\*\*

Yes! I am interested in the application process for my child to attend the Pre K program.
